

GR COROLLA

AWAKEN THE BEASTS

Move your world

CONCEPT BEHIND
THE BEAST

Where untamed power breeds from within. Conquer the pavement and tackle corners with fierce agility. Tear down the highways and let the growl of the engine announce its presence. With the new GR Corolla, the road is your territory - so make your mark on it.

GR COROLLA

Corolla shown in Precious Metal and Super White II

CONQUER THE ROADS.

Corolla shown in Precious Metal and Super White II

Ready or not, a new beast has unleashed.
Experience power over the pavement
with the new GR Corolla.

Game-changing 1.6L 3-Cylinder Turbocharged Engine

The 1.6L 3-cylinder turbo engine allows the GR Corolla unparalleled performance on any terrain, wherever you go.

Newly Developed

1.6L

Horsepower

300 PS

Max Torque

370 Nm

Inline 3-cylinder

D-4ST Direct & Port Injection, Turbo

Acceleration

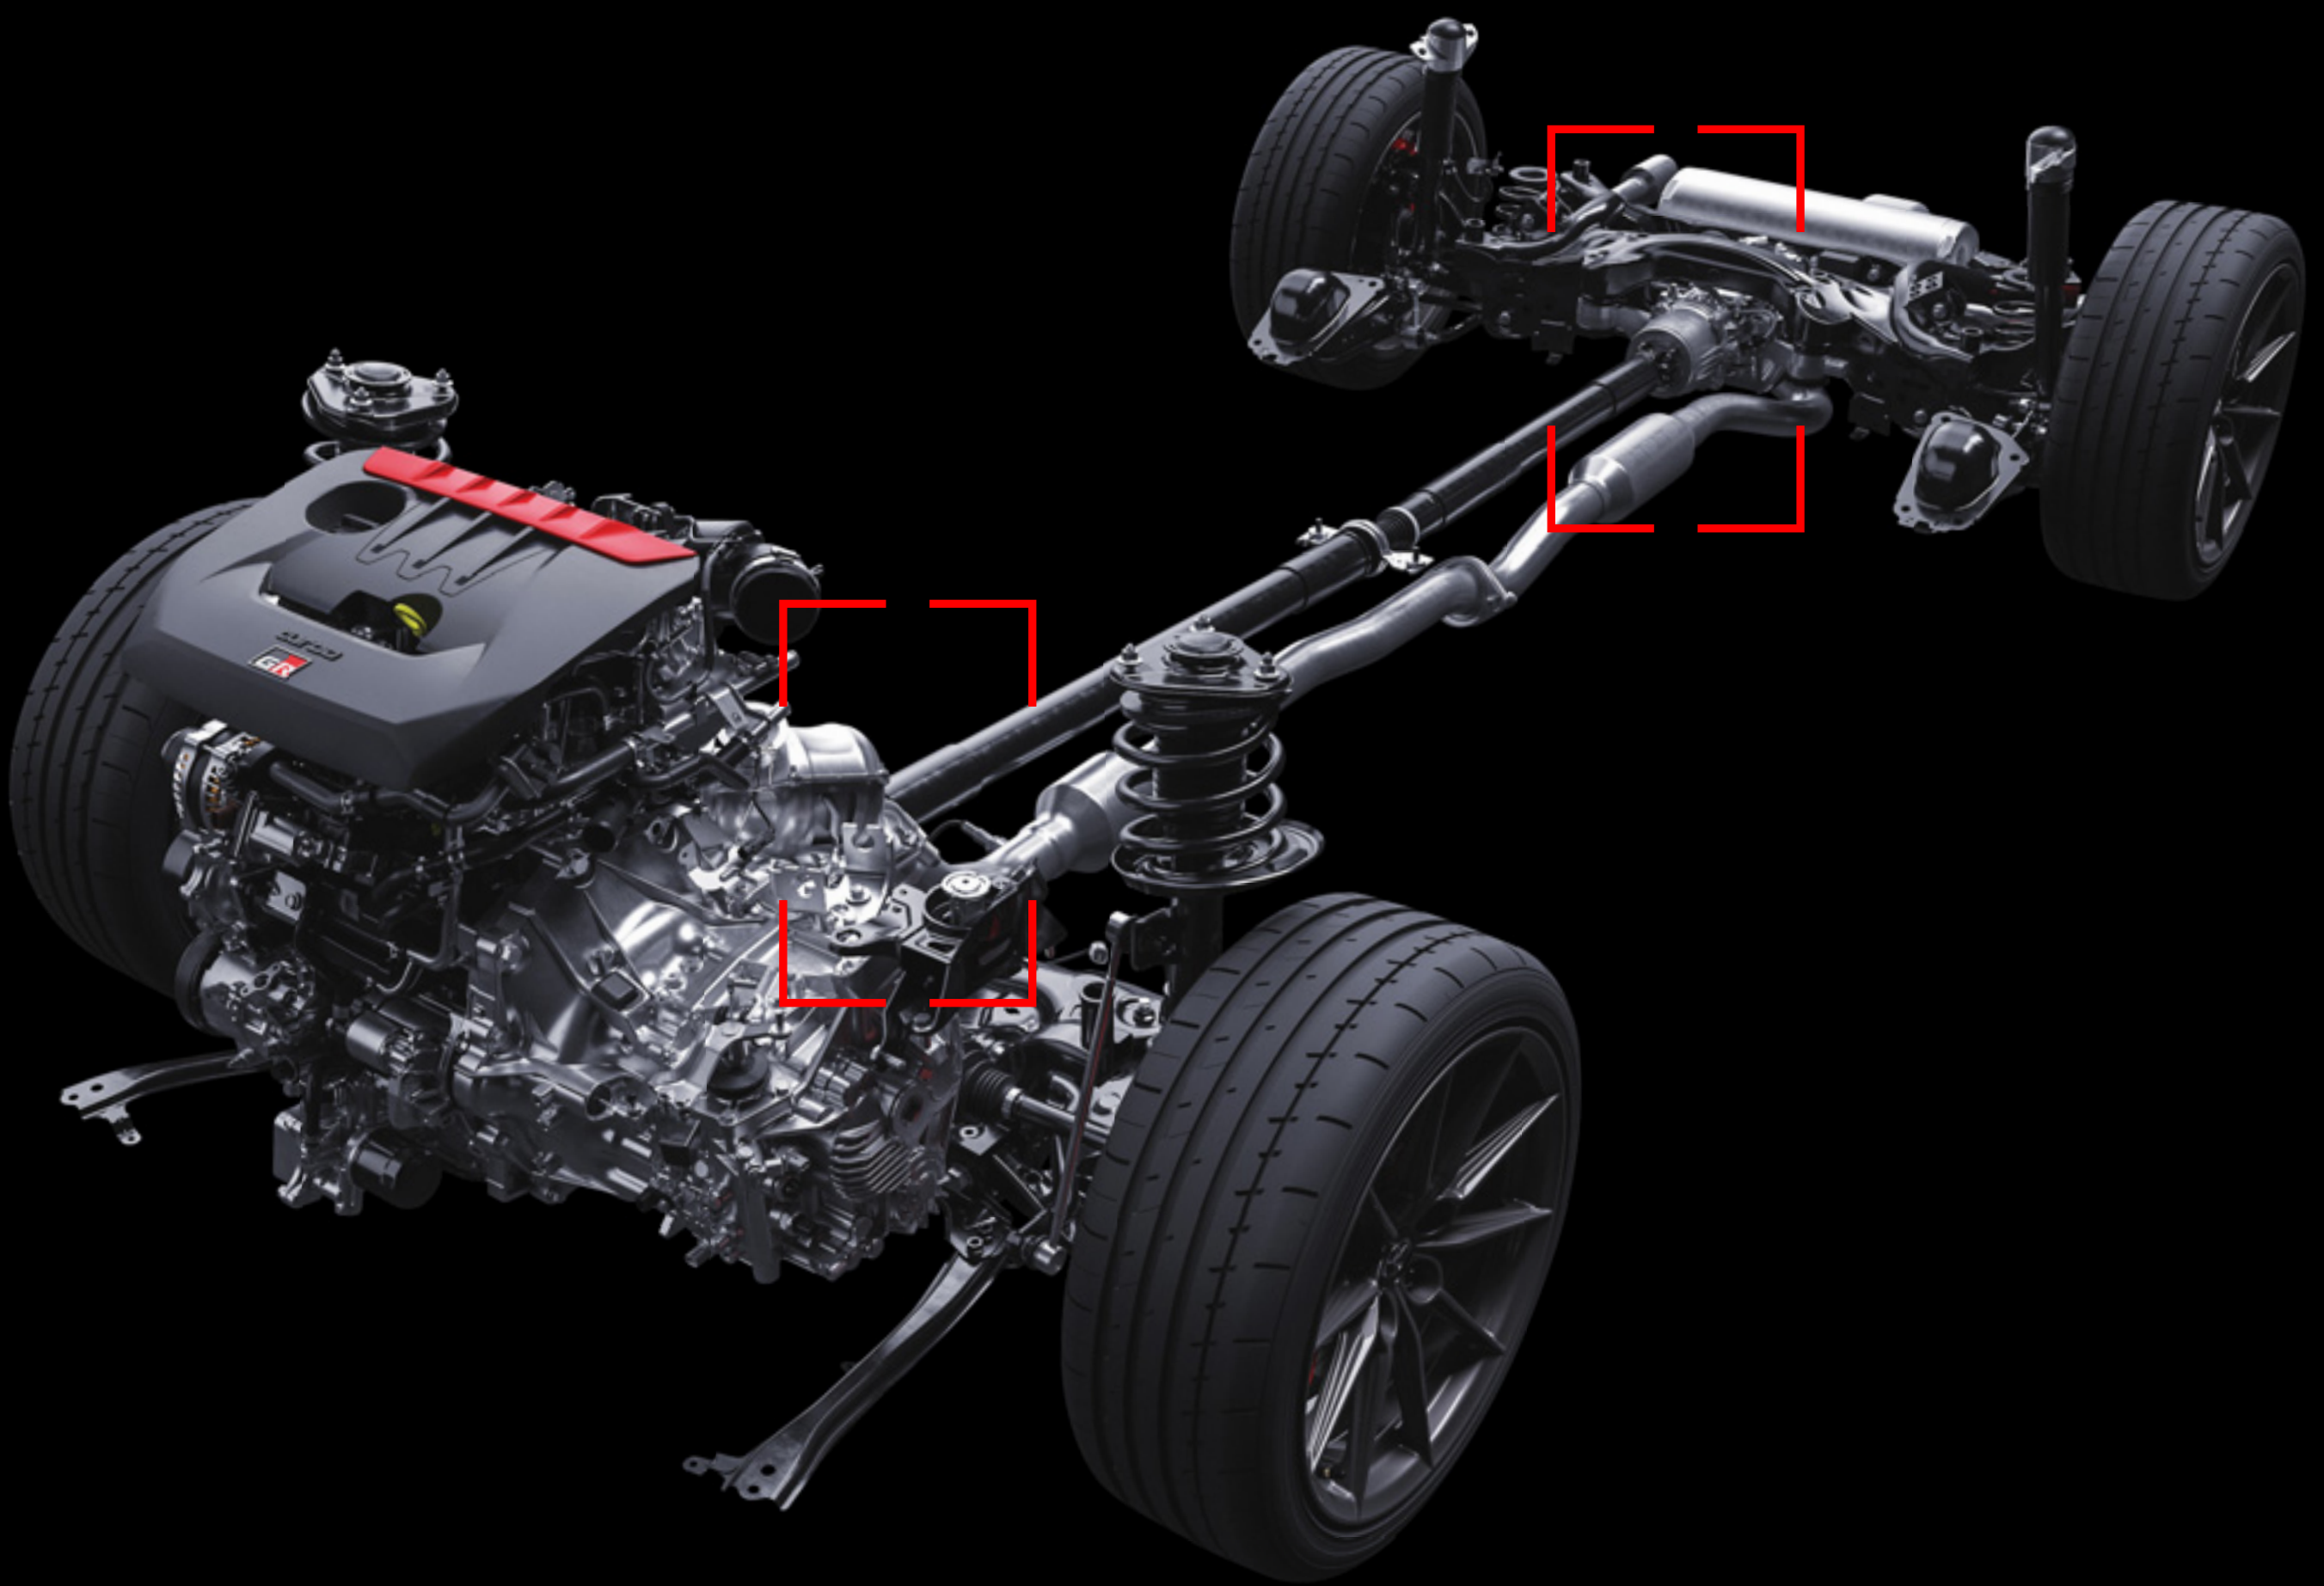

0-100km/h in 5.3s

Actual vehicle may vary from image shown.

GR-FOUR All-Wheel Drive [AWD]

Seek your driving thrill and experience the GR-FOUR AWD system, designed to optimise drive power with its three power settings that split front and rear torque distribution to 60:40, 50:50, and 30:70.

**➤ Torsen™ Slip Differential**

Front and rear comes with TORSEN™ limited slip differentials, improving cornering grip and traction while accelerating and braking, and optimally distributing torque to the left and right wheels.

6-speed Manual with intelligent Manual Transmission [iMT]

Exclusively offered 6-speed short-shift intelligent Manual Transmission (iMT) to ensure performance on the smoothness of gear change and engine response during upshift and downshift.

Brakes

Ventilated and slotted brake rotors with available four-piston front fixed calipers and two-piston rear fixed calipers

BOLDER, BETTER.

Designed with form and function in mind featuring an aggressive profile, widened front fender flares, a carbon fibre roof with functional hood vents.

Rear Design

The rear sports a gloss-black rear bumper lower cover with functional air vents and a rear diffuser to enhance its aerodynamic performance.

Matrix Front Grille

A striking front grille with side air ducts that help airflow and increase stability.

18" Aluminium Wheels

Featuring a multi-axis spoke structure that enhances rigidity and accommodates rough road surfaces.

EXPERIENCE ULTIMATE STYLE.

Indulge in stylish comfort without sacrificing practicality and function.

Actual vehicle may vary from image shown.

Leather and ultrasuede seats with red trim where you can travel in comfort and style.

Cross-sectional shape of the steering wheel takes operability into consideration, enhancing hand fit when driving.

Actual vehicle may vary from image shown.

Digital Gauge Cluster

12.3" digital Multi-Information Display (MID) with GR start-up animation, AWD mode, turbo pressure, gear shift indicators and more.

9" Audio Multimedia System

Coming standard with Apple Carplay & Android Auto™ Wireless Connectivity*, stay connected to your world on the go.

*Apple CarPlay is a trademark of Apple Inc.
Android Auto is a trademark of Google LLC.
To use Android Auto on our car display, you'll need an Android phone running Android 6 or higher, an active plan, and the Android Auto app.
Android Auto™ will be available when the service is officially launched in Malaysia.

Spacious Interior

Plush rear seats with room for 5 to make long rides enjoyable.

TOYOTA SAFETY SENSE

Advanced suite of safety features that allows you to
unleash your drive with a peace of mind.

Toyota
Safety
Sense

Pre-collision System [PCS]

Avoids or mitigates frontal collisions by alerting the driver, and automatically applies the brakes to reduce vehicle speed when there is a risk of collision.

Dynamic Radar Cruise Control [DRCC]

Designed to adjust your speed, helping you maintain a preset distance from the car in front of you.

**Lane Departure Alert [LDA]
with Lane Tracing Assist [LTA]**

Using the camera sensor and millimeter wave radar, LDA helps prevent the vehicle from unintentionally straying from its lane while LTA (Lane Tracing Assist) automatically keeps the car centred. It will sound an alert and apply minor (selectable) steering adjustments to realign the vehicle should it detect the vehicle going off-course.

Automatic High Beam [AHB]

Auto High Beam (AHB) is available, which automatically turns on the high beam when there are no vehicles ahead.

Vehicle Stability Control, Traction Control and Track Mode

Toggle the new Track Mode to bring important information like RPM and gear into focus. Be in control on slippery surfaces and have stability when turning on a curve with Traction Control (TRC) and Vehicle Stability Control (VSC).

MAIN SPECIFICATIONS

VARIANT	GR Corolla 1.6T M/T		
ENGINE			
Model	G16E-GTS		
Type	Inline 3-cylinder, DOHC, Intercooler Turbo		
Displacement	cc	1,618
